

**Maintenance  
and  
Technical  
Solutions  
for  
Integrated  
Facility  
Systems**

Cordjia Capital Projects Group provides a single-source solution for your facility by integrating all of your primary and secondary systems needs. Our highly experienced, professional team offers you financial savings when integrated facility systems are properly maintained, operated, and upgraded.

**Your Benefits**

- Avoid system downtime
- Reduce operating expenses
- Increase occupant satisfaction
- Lower utility costs
- Increase energy efficiencies
- Extend equipment life
- Reduce capital risks
- Save time and human resource

To best serve your requirements, Cordjia Capital Projects Group provides expertise in two core areas:

**Maintenance Programs**

**Preventative  
and  
Corrective**

We offer comprehensive preventative and corrective maintenance programs that extends equipment life, saves time, and reduces expense. Our programs are specifically designed to minimize downtime, reduce equipment repairs, optimize productivity, and lower energy consumption costs. We focus on integrating all of your mechanical, electrical, plumbing, and ancillary systems.

**Technical Solutions**

**Planned  
Repairs /  
Replacements  
and  
Emergency  
Repairs**

Your integrated facility systems often require changes due to expansion or renovations. We offer a single-source for equipment retrofits and upgrades. We provide you with a comprehensive, accurate, and quantifiable analysis of your current systems situation in an effort to help you understand the return on investment value of your decision and enable prioritized capital investments. If necessary, our 24-hour emergency service teams are ready to support you at a moment's notice.

Today's integrated facility systems are highly sophisticated and demanding, which is why organizations increasingly select Cordjia Capital Projects Group to provide innovative maintenance and technical solutions for their integrated facility systems.
